Schedule of prices and fees

This Schedule details the NSW Skills List qualifications eligible for government subsidy under Smart and Skilled. The total price of each qualification, loadings to training providers (where applicable) and student fees are listed.

Fees listed are for the full qualification. The training provider may spread the fee payable across the duration of the course. All providers will charge the same total student fee.

The total price of a qualification is the amount paid to the training provider. This price is made up of a government subsidy and a student fee.

Student fee + subsidy to provider = qualification price

Providers continue to receive loadings to meet the higher cost of training for disadvantaged students (needs loading – for Aboriginal students [15 per cent], students with a disability [15 per cent], long term unemployed [10 per cent]) and students in regional and remote areas (location loading). A Smart and Skilled provider can claim a maximum of one location loading and one needs loading per student per commencement.

Fee Free Traineeship Initiative

NSW trainees commencing their Smart and Skilled traineeship training on or after 1 January 2020 may be eligible for fee free training. Neither the student nor the employer will have to pay the qualification student fee. This amount, of up to \$1,000, will be paid by the Department directly to the training provider.

For more information on the Initiative including the eligibility criteria, please go to <https://vet.nsw.gov.au/fee-free-traineeships>.

For trainees who are eligible under the Fee Free Traineeship Initiative, please refer to the NSW Skills List – Qualifications, Prices and Fees schedule below.

For trainees who are not eligible under the Fee Free Traineeship Initiative, the fees to be charged are listed in Table 1.
